Notes & Reflections:

There are many activities and resources available in manuals, CDs, and DVDs available for purchase from API Inc. The Scavenger Hunt will need to be adjusted to suit the instructor's classroom and available resources. Also update date and name specific questions.

Many performance activities in the IECE and other ECE courses are related to FCCLA and the purposes and mission of the organization. Throughout the course, any activity or project that involves children, families, and/or community can easily be connected to FCCLA.

Each teacher will find the best activities that work for her/him. The activities listed under Sequence of Instruction are not suggestions for an order in which to present them to the class. Text readings, study guides, videos, power points, and supplemental lectures are not listed. It is recommended that every teacher uses a variety of techniques and learning activities in each class period.
