

Name: _____

Period: _____

Date: _____

Directions: Cut the dashed lines between the letters “G O L D S” to the solid line with a pair of scissors. Fold the paper on the solid line with the letters “G O L D S” on the outside. On the outside flap, label what printing process each letter represents and draw a diagram of that printing process. Lift each flap individually and fill in requested information for the printing processes. Use this foldable to review for the Output Processes Test.
